TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Temple, in the County of Hillsborough in said State, qualified to Vote in Town Affairs.

You are hereby notified to meet at the Town Hall in said Temple, on Tuesday the 9th day of March next, at 10 o'clock in the forenoon to act upon the following subjects:

1. To cast your ballot for the election of delegates-at-large, alternate delegates-at-large, delegates and alternate delegates, to the National Conventions of the various political parties, to be held to nominate party candidates for President and Vice-president of the United States.

2. To cast your ballot for the election of a delegate to Constitutional Convention.

3. To choose all necessary Town officers for the year ensuing.

4. To raise and appropriate the sum of \$424.73 to cover deficit of past fiscal year.

5. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriation for the same.

6. To see what sum of money the Town will vote to raise and appropriate for maintenance of highways and bridges.

7. To see if the Town will vote to accept State aid for the improvement of Class V roads and raise and appropriate the sum of \$489.96, the State to contribute the sum of \$1,959.84.

8. To see what sum of money the Town will vote to raise and appropriate for the purchase of calcium chloride for use on Class V roads.

9. To see what sum of money the Town will vote to raise and appropriate for snow removal.

10. To see what sum of money the Town will vote to raise and appropriate for old age assistance.

11. To see what sum of money the Town will vote to raise and appropriate for support of library.

12. To see what sum of money the Town will vote to raise and appropriate for Memorial Day.

13. To see if the Town will vote to raise the sum of \$200.00 for the control of white pine blister rust.

14. To see if the Town will vote to raise and appropriate the sum of \$58.00 (1/100 of 1% of the valuation of the Town) to the Monadnock Region Association of Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natural advantages of the Town, in cooperation with the other thirty-seven towns of the Monadnock Region.

15. To see if the Town will vote to authorize the selectmen to borrow money in anticipation of taxes not exceeding the sum of \$10,000.00.

16. To transact any further business which may legally come before the meeting.

Given under our hands and seal this 23rd day of February in the year of our Lord nineteen hundred and forty-eight.

ERNEST E. STONE

M. MERRILL McGRAY

RALPH L. WHEELER

Selectmen of Temple.

LIBRARIAN'S REPORT

The Mansfield Public Library has been opened 105 times this past year and only once have I had to close early on account of a storm.

The Library hours are Wednesdays from 2 to 4 P. M. and Saturdays from 7 to 9 P. M.

We will not receive State Aid this year as we have for so many years, but we have the privilege of borrowing books from the State Library for the School and also for the loan readers if they will contact the Librarian. She will be glad to send for them upon request.

There have been 1,266 books borrowed from the Library this past year. Of these, 360 were fiction, 337 non-fiction and 569 juvenile. We have added 71 books to the Library; 29 were purchased and the remaining 42 were gifts from the townspeople. Also we have many gift subscriptions of magazines and these are taken out the same as books and quite widely read.

A large number of books that we did not think best to put in the Library, or have room for, have been boxed and wrapped by Mrs. Lackey and sent away where they will be greatly appreciated.

The floors in the Library were washed and varnished this year, but the hall floor was not finished before the cold weather.

Respectfully submitted,

SUSIE L. CUTTER

Librarian

AUDITOR'S REPORT

We have examined the accounts of the Town Clerk, Treasurer, Selectmen, Tax Collector, Road Agent, Trustees of Trust Funds, Treasurer of Library, and find them correct and properly vouched.

School Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Temple qualified to vote in district affairs:

You are hereby notified to meet at the town hall in said district on the ninth day of March 1948, at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
 2. To choose a Clerk for the ensuing year.
 3. To choose a Member of the School Board for the ensuing three years.
 4. To choose a Treasurer for the ensuing year.
 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
 7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
 8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
 9. To see if the district will vote to raise and appropriate the sum of \$322 to cover a deficiency in current obligations.
 10. To see if the district will vote to raise and appropriate the sum of \$340 for the purpose of providing transportation for high school children. This transportation to become effective as of September 1948.
 11. To see if the district will vote to raise and appropriate a sum of money for the purpose of repairing the school building.
- Given under our hands at said Temple this day of January 1948.

REPORT OF SCHOOL BOARD
For Fiscal Year Beginning July 1, 1946,
and Ending June 30, 1947

To the Citizens of the Town of Temple, N. H.

The Board of Education of Temple respectfully submits its annual report with that of the Treasurer, Superintendent and Auditors.

We consider ourselves very fortunate in obtaining Mrs. Myrtie Kullgren as a replacement for our primary room. Her work has been most efficient and satisfactory.

Much credit is due Mr. Paire that the morale and tone of the whole school has become immeasurably improved.

The children are to be congratulated on the way they have expended the money they have earned from janitor work in the school rooms. The purchase of a radio has brought dramatization, news events and educational programs into the class room and has added to and enriched the regular school program. Rhythm band material has been obtained in the same manner. This kind of education is also important in the life of the children.

We wish to extend our appreciation to the townspeople for their excellent co-operation and support.

LILLIAN MAYNARD
GERTRUDE M. ODELL
LINDSEY H. GOVE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Temple, of which the above is a true summary for the fiscal year ending June 30, 1947, and find them correct in all respects.

July 16, 1947.

HENRY E. FISH

EARL W. YOUNG

Auditors

REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Temple:

I respectfully submit my first annual report as your Superintendent of Schools.

Advances In Education In New Hampshire

No single event in the history of education in the State of New Hampshire has had such influence on the educational picture of our state as the State Aid Law passed by our Legislature in the late spring of 1947. This legislation, prompted by the investigation of the Interim Commission established in 1945 to study the educational needs of New Hampshire, and the untiring efforts of our Commissioner of Education, and the many loyal supporters of public education, increased state financial aid to local school districts approximately 400%.

The purpose of the bill was to equalize educational opportunities and to improve public elementary and high schools in New Hampshire by making funds available to those school districts in the state that were operating on meager budgets and were unable to offer the education they desired. It was interesting to note, that during the special school district meetings held in July, 1947, over 90% of state aid funds was voted by the towns to be used for educational purposes. No portion of state aid funds for the school year 1947-48 could be used for payment of interest, debt or other capital expenditures.

To review the manner in which the state aid law functions, the following is presented.

State aid is based on the exact average daily membership of each public school in New Hampshire, or each approved school, in New Hampshire, or in an adjoining state, with all pupils credited to their district of residence for the payment of state aid. Under the law, aid can be given to districts only for pupils for whose education the district is legally responsible.

The state aid law apportions the aid in two categories, *equalization* and *general aid*. In applying the equalization formula, a required program is set up allowing \$1,800 for each approved one-room school with at least six grades, \$75 for all other elementary pupils, and \$100 for each high school student. Under the provisions of the act, the local school district's share in the program is six-tenths of one per cent of its equalized valuation, which is subtracted from the total formula program share, with the remainder paid by the state as equalization aid. After the requirements of the equalization have been met, and one per cent set aside for emergencies, the remainder of the fund is prorated on the basis of average daily membership, on a ratio of three to four

for elementary and high school respectively. For the purposes of general aid, the average daily membership of the one-room schools is added to the average daily membership of the other elementary pupils. A summary of the computation for the school district of Temple is as follows:

1. Equalization Aid:

One-room schools approved	— x \$1,800.	
Other elementary pupils	26 x 75.	1,950.00
Secondary students	5 x 100.	500.00
		<hr/>
		\$2,450.00
Equalized Valuation (1947)	\$578,498.	
Less \$6.00 Tax on Equalized Valuation		\$3,470.99
Total Equalization Aid		<hr/>

II. General Aid:

Elementary pupils	26 x 12.33	320.58
Secondary students	5 x 16.44	82.20
Total Aid—Available Dec. 1, 1947		402.78

The amount of state aid available to the school districts will vary from year to year as the state enrollment of public school children increases or decreases.

The Cooperative School District Act passed by the State Legislature in the spring of 1947 makes it possible for local school districts, through local initiative, to join together to establish more effective school units. While this act does not have the immediate impact on New Hampshire education that the State Aid Law had, nevertheless, it will perhaps be instrumental in changing the whole supervisory district organization in the years to come.

There are many advantages to the Cooperative School idea. A few of them are as follows. Larger districts make available greater funds with which to provide better buildings, instruction, materials of instruction and more varied programs. A cooperative school does not necessarily mean that education will be cheaper but that more services can be obtained for the dollar spent, consequently a cooperative school is more economical.

A cooperative school district poses many problems, the greatest being that of transportation. This problem, in most cases can be solved, by district owned and operated buses. North Carolina has been exceedingly successful in this respect. The town of Newport, N. H., has embarked upon a program of locally owned and operated buses and it is estimated that their total cost of operation will be approximately 25c per mile. In Supervisory Union No. 63 it is approximately 40c per mile.

Studies are being made in both the Wilton-Milford area and the Antrim-Bennington, Frankestown area on the Cooperative School District idea. However, these studies are not far enough advanced to report upon at this time.

By an act of the State Board of Education on June 30, 1947 a program of minimum standards for teachers' salaries was approved. This action set the minimum of teachers' salaries in the State of New Hampshire at \$1,700, this minimum increasing to \$2,000, dependent upon the preparation and experience of the teacher.

The salary situation in New Hampshire has long needed improvement. In 1946-47 four towns were paying elementary teachers less than \$1,200. \$1,400-\$1,500 was the minimum salary in thirty-two towns. Nine towns were paying from \$1,600 to from \$1,200 to \$1,650. A similar salary survey made in 1947-48 from 1,200 to \$1,650. A similar salary survey made in 1947-48 shows that no teacher in the state is getting less than \$1,700 with the median about \$1,850. This is true of the five towns mentioned in our Union.

However, even with this revision of salaries upward, our better teachers are being drained off to neighboring states or going into other employment.

Shortage of Teachers

The teacher shortage is still serious, particularly at the elementary level. However, there is a slight improvement over 1946-47.

For the nation as a whole it is probable that enrollments in "teacher-education" programs now approximate pre-war enrollments. However, many of these undergraduates will not be available for employment for two to three years. Unfortunately, also, the enrollments by states is not geared to the shortages. Relatively wealthy states, where salaries are high and the teacher shortage small, have higher teacher-education enrollments. It appears too, that enrollments are piling up in courses leading to regular secondary school certification when the greatest immediate demand is in elementary schools.

The State of New Hampshire needs approximately 150 new elementary teachers every year. This year there will be graduated from Keene Teachers College and Plymouth Teachers College approximately 30. In the fall of 1947 at Keene Teachers College 45 elected the elementary program and at Plymouth there were 20. Consequently, four years from now we will have 65 teachers available to take 150 or more teaching positions. To alleviate this situation, we have approximately 350 elementary teachers still working on war emergency permits.

The situation is not too encouraging.

School Costs

There does not appear to be any immediate relief in the cost of living today. Such increased costs are reflected in the school budgets of 1948-49. All school costs have risen but the most noticeable increase has been in the area of textbooks, scholars' supplies, teachers' salaries and tuition costs.

A survey recently completed by two supply houses indicates that since the fall of 1946 scholars' supplies have increased from 10% to 40%, text books from 20% to 30%, teachers' salaries approximately 6%.

These increased costs have necessitated school boards to raise their tuition price. The state average for secondary school instruction for the year 1946-47 was \$138.89 per pupil. Most school districts are raising their tuition to \$135.00. This will not inflict a hardship on school districts with whom they have contracts and will more equally distribute the costs of instruction.

Budget

The budget presented for 1948-1949 calls for an assessment of \$8,279, an increase of \$1,609 above the amount called for last year. This increase is reflected in increased teachers' salaries \$200; minor repairs and expenses \$550; transportation \$120; tuition \$210; and insurance, which comes due this year, \$195. The remaining \$334 is spread over fuel, textbooks, scholars' supplies and other expenses of instruction, to take care of the increased cost of these items.

Special Article

At the special school district meeting in July the school board's estimated budget for 1947-48 of \$6,505 was not voted due to a conflict in wording of the special article. It was finally agreed that the original appropriation of \$6,183 be confirmed; the \$378 state aid should be used for the support of schools and that the deficiency of \$322 should be called for under a special article in the next March meeting.

Thus the school board has called for a deficiency appropriation of \$322 to meet their obligations for 1947-48.

Respectfully submitted,

NEWELL J. PAIRE

Superintendent of Schools

**Report on Survey of Temple School Made by
Superintendent of Schools and School
Board on January 20, 1948**

We submit the following report of work that should be done to the Temple School to properly preserve the building and to protect the investment that the citizens of Temple already hold in the building. Some of this work should be done immediately; the rest in the near future.

Immediate attention is necessary on the following:

1. Repair pillars at front entrance—base of these have deteriorated and broken away, thus weakening the supporting effect of the pillars.

2. Repair and replace certain areas of plaster in classrooms and hallways and repaint interior of building.

3. Repair or replace several windows in boys' basement that have rotted out due to high grading in front of them and constant water drainage toward the windows.

4. Paint all outside woodwork on building to prevent weathering and deterioration.

5. Repair area above windows in grammar room.

Work that should be done in the near future is as follows:

1. Point up building on outside brick walls. Cement has worn away, thus leaving spaces of from 3-8" to 3-4" between bricks in certain areas.

2. Construct partitions in both boys' and girls' basements.

3. Resurface two landings with Nu-Krete or similar material. Present cement has worn away and is difficult to keep clean.

4. Remove slate boards in certain areas in classrooms and replace with bulletin boards. Thus brightening the rooms considerably and making them more satisfactory from an educational point of view.

Respectfully submitted,

NEWELL J. PAIRE, Superintendent
LILLIAN MAYNARD
GERTRUDE ODELL
LINDSEY H. GOVE

School Board

REPORT OF SCHOOL NURSE

The regular fall inspection of all children was carried out in September and October, assisted Dr. Cayward in the examination of children on September 30.

Number of children examined—30

Defects found:

Defective teeth	16
Defective vision	2
Diseased tonsils	4
Enlarged glands	1
10% underweight	6

Notices were sent to parents and several visits made to homes.

Several of the teeth defects have been corrected since the examination and one child has been fitted to glasses.

Respectfully submitted,

SUSIE L. CUTTER, R. N.
